PLEASE READ: IMPORTANT INFORMATION

● The score information displayed on this report is preliminary and does not constitute an official score report. Cisco seeks to assure the validity of exam scores by analyzing exam responses for consistency. Your score may be classified as indeterminate if it is at or above the passing level and Cisco cannot certify that it represents a valid measure of your ability as sampled by the exam. After review and analysis, your score will either be:

a) Classified as "valid" and your official exam result will be reported at http://www.pearsonvue.com/authenticate. You can view exam results by using the registration and validation numbers displayed in the left column within 72 hours of your exam session.

b) Classified as indeterminate and you will be advised of the options for retaking the examination.

● If your passing score is validated, you will be eligible to take the CCIE lab / practical exam. Lab / practical exams are scheduled online at:
https://tools.cisco.com/CCIE/Schedule_Lab/CCIEOnline

● To register for a lab / practical exam, you will need your Candidate ID number to register. Contact the testing vendor if you do not have a Candidate ID on this report.

● The Cisco 360 Learning Program can prepare you for the CCIE lab exam. The program offers a comprehensive, blended-learning curriculum designed to accelerate competency and build the skills needed to achieve a CCIE certification. The program is offered for CCIE R&S and Voice tracks. For more information, visit http://www.cisco.com/go/360

● For additional certification and training resources, visit: http://www.cisco.com/go/ccie

● Your score may take up to 10 days to register in the CCIE database. If after 10 days, your score does not appear in the database, verify that the candidate ID number you used on your most recent written exam matches the ID number you have used in the past. If you used a different number, you may have inadvertently created a new record in the CCIE database. Please

contact the Certification Support Center for assistance with
merging your records at www.cisco.com/go/certsupport

The following report shows your performance in each section of the exam:

The Certification Exam Policies webpage (www.cisco.com/go/exampolicy) provides a single resource giving key certification policies, agreements, and the CCIE policy page for information specific to the CCIE program. Consult this section for current information on program policies for Cisco Career Certifications exams.
